

Playing badminton outside, discover the game

Play in freedom and join the game: at school  
in a club ...

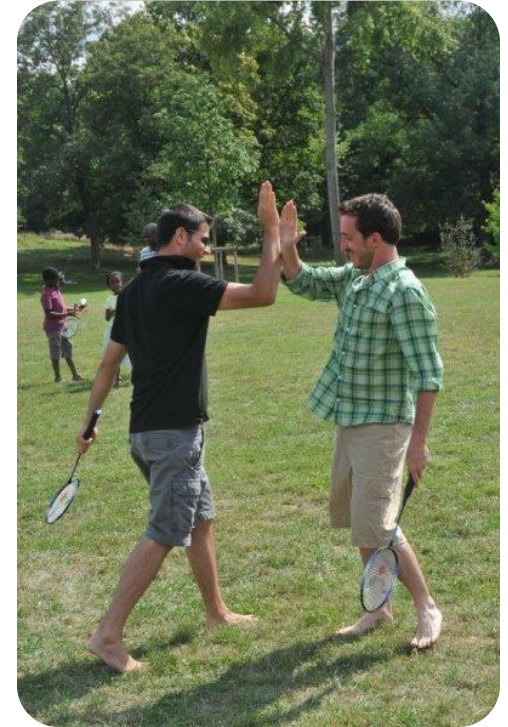

During Summer time, in the sand, at Paris  
Plage ...

# 1. Sport in parks and gardens! Find a spot, set up a net and play!

## ***Le Jeu de Volant !*** Sport des Parcs et Jardins Franciliens

## 2. Loisirs, bien être et santé Pleasure, well-being, health

### **Since the World Championships in Paris – Each Summer**

Since 2010, the occasion was given to enjoy and discover « jeu du volant » during the summer (15 000 person in 20 days), a physical activity and an outdoor sport interaction which is significant to the season.

### **Playing Downtown, in City Hall Places, in public garden...**

The activity could be held in different places – different public areas.

### **A special practice for seniors looking after social care, health conscience...**

La Ffbad has the ambition of developing the game to a wider public by giving the public the vision of pleasure, well-being and healthy sport. Our aim is as well to educate the public.

### **And if you want to get more come to a club**

During the event, we will promote the clubs and the value behind joining.

# PROMOBAD

## A NEW WAY TO COMPETE

# Promobad: let's compete!

- An open competition for all non-ranked players
- A first step to get into competition mindset
- You play with the rules of badminton but – open to everyone
- For girls or boys / in singles or in doubles
- Short playing time: A circuit tournament where you know when you play (only half-a-day in the week)
- It could be on a weekend, for a month, a yearly tournament
- Your victories would raise your ranking
- It can be played without a referee
