

1st BEC Para-Badminton Education Course
Veenendaal, Netherlands 11-13 December 2015

COURSE PRESENTER

Kaity HALL (Scotland)

Kaity is an ex-junior international player and has represented Scotland at the junior level of U17 and U19 European juniors. She has been Head Coach for the Scottish para-badminton team for the last four years but her first exposure to para-badminton was eight years ago when she volunteered at the Scottish disability events.

After several years of gaining experiences, she finally took on more coaching responsibilities having the qualifications to coach para-athletes. Her coaching experiences include coaching at the European and World levels. To top that, she represented the Badminton World Federation in Cuba and Canada last year to take up workshops in coaching and developing para-badminton.

With the inclusion of para-badminton into the Tokyo 2020 Paralympic Games, Kaity's main aim over the next five years is to get players up to the standard to showcase how amazing the sport is as well as representing the sport in any way she can.
